Group Work

❖ Is there space for HiAP and ISA in policy making in the region?

❖ In your country, what is the political environment for the attainment of health-related Sustainable Development Goals?

❖ How can we place HiAP approach on the agenda of sustainable development in your country? What are the existing opportunities, entry points and challenges?

❖ In your opinion, is the Health Information System in your country ready to integrate HiAP? If not, what are the major amendments that should be undertaken?

❖ In your country, are there accountability mechanisms in Health System to facilitate implementation of HiAP approach?

❖ In your opinion, what are the future steps for empowering MoH to play its role in HiAP and integrating health dimension into other sectors?

❖ Who are the lead agencies in your country who can play a significant role in achieving the previous two objectives?
